

# ANDREA DEXTER

OCTOBER 20-21<sup>st</sup>, 2018

**SATURDAY, October 20<sup>th</sup>:**

AM ~ Introduction to Optimizing Obstacle Performance.

*For teams new to Andrea's training methods, or wanting a refresher!*

- ❖ This seminar is designed to take advantage of a new pair of eyes on your dog's obstacle performance. Come show off their weave independence and test the limits of what your dog is comfortable with. OR problem solve a contact behavior that has lead you to managed contacts instead of something you really want. OR maybe you are venturing into new territory with your obstacle behaviors and need a plan for building more speed, confidence, distance, reliability ...in performing obstacles. This is more like a group private, and will give you a good introduction to how Andrea thinks about debugging and training obstacles. There will be a variety of obstacles to focus on.

PM ~ Technical Obstacle Performance.

*For teams familiar with Andrea's training methods*

- ❖ This seminar is designed for people who already know what "don't fix it", "train away from equipment" and "stop watching your dog" mean. Expect shortish and interesting sequences that make sure you are taking advantage of your independent obstacle performance and that your dog is as comfortable and confident as can be. Incredibly valuable opportunity to train where you compete.

**SUNDAY, October 21<sup>st</sup>:**

AM ~ Introduction to perfect handling strategy.

*For teams new to Andrea's handling ideas, or wanting a refresher!*

- ❖ This seminar is designed to make sure you are confident you have a way to identify perfect handling strategy for every run. Any venue. Any level. Expect to start with the basics and build to puzzles that look challenging but really aren't once you have a methodical way to identify what information your dog needs from you. If you can look at a Biathlon or Premiere course and the only reason you try out different handling options is to amuse yourself and confound your competition - you are already there; this one is not for you.

PM - Most Versatile Award.

*For advanced teams familiar with Andrea's handling ideas.*

- ❖ This seminar is for folks who know what "sneaky toe" means. Enough said. Expect course work that pushes on all the skills, similar to what you do at my place, only, how cool is this? Delivered in an environment where you compete!! What a wonderful opportunity.

---

### About Andrea ~

Andrea Dexter ~ an accomplished coach and competitor, with over 20 years' experience!

Andrea believes that being successful in agility is very compatible with having FUN! While teaching, training & you are the main focus for her. I wanted to share with you some of her amazing career accomplishments.

Some of Andrea's successes include:

- 
- ❖ Multi NADAC Championship placements & finalist
    - ❖ NADAC Platinum Speed Star
      - ❖ AKC High in Trial
    - ❖ 2006 Columbia Cup Winner
      - ❖ NATCH Token
  - ❖ Top 15 (out of 300+) in all events at USDAA World Cynosport games
- 

### ❖ **Seminar Format:**

*To give you & your dog an "optimum" training & learning experience.*

- ❖ You will get the same amount of training time; just don't need to be here for 8 hours, unless you want to! (Unlimited FREE Auditing for working spots)
- ❖ We will be in small groups of 5 each day; like a group private! 5 in the AM & 5 in the PM, for a total of ten working spots, each day!
- ❖ We feel this model will be much more efficient in terms of focus, discussion, cohesion of the group, attention span of the participants, and we can even ask more of the dogs before they get saturated.
- ❖ Everything about this model is more conducive to learning, plus your turn comes up much more quickly so you stay engaged more!

*"Created out of love for dogs... & for people who love dogs"*

Fun Fur Paws ~ we are located @ 22352 Stargate place, in Mount Vernon, WA, just 4 minutes from I-5.

We are a multi venue, &, multi discipline training & competition facility dedicated to "dogs"!
