

PRESENTS ~ Multi - time AKC National Champion, AKC Invitational Champion, & an AKC Agility Judge

ROBIN KLETKE

JULY 27-28, 2019

SATURDAY, JULY 27TH: ~ work with the “teams” on ways to give your dog what they need to maximize success in the agility competition ring. Robin will take his experience as a handler in the ring & combine that with the perspective of a judge designing & judging courses. He will allow you the “*Shoes in the dirt*” opportunity to test & hone some new thoughts and skills to help develop a recipe for continued success.

- ❖ “Finding the key to your team’s success”: ~ what does your dog need from you? ~ How does your motion & mobility affect your “novice/open” dog’s training? ~ Planning & executing a solid path on course .
- ❖ “Developing skills that help you succeed in the ring”: ~ Intro to the dog’s path and how that affects your handling. ~ things to observe in course design as you move up the levels; Novice, Open, Excellent, Masters, when referring to AKC

❖ **SUNDAY, JULY 28th:** ~ some “things” that can be difficult to overcome. There WILL be some “pre-seminar” homework for this session. We will have some discussion & a lot of “*Shoes in the dirt*” work. Robin has learned quite a lot about the pressure in the ring, especially at the “BIG” events and also when you are on QQ 19 ½ & just need/want that one clean run for your MACH! We will step into course analysis/ design, the dog’s true path and how that changes with each handler. We will then wrap up the day with some FUN & FAST sequences where we can help tune each team to an overall faster & better performance, thus creating a happier outcome for both handler & dog!

- ❖ “Sharing the secrets to qualifying & that elusive double Q”: ~ discussion on WHY is the QQ so hard? ~ how do YOU handle the pressure ? ~ Dog’s path, handler path, & how they influence your on course decisions.
- ❖ “Stepping up your game to shave time, reduce mistakes, and become a more consistent team”: ~ consistency in walking and running the course ~ consistency between training & trialing ~ ~ YES...YOU can get there & you will/do. ~ Wrap up with “Show off your stuff”.
- ❖ ~ the above mentioned is a sample of some of the topics that will be covered, however if the instructor feels the teams need “other” work then he will take the seminar in that direction.
