#### General CPE rules for entries/show site:

- Dogs must be at least 15 months or older the first day of the trial.
- Blind (both eyes), lame, in season or aggressive dogs may not enter the show. The Club may choose to exclude any of the above from the site.
- Dogs must be registered with CPE prior to the closing date of the trial, or by the trial date for Day Of Show entries. Registration forms are on the Forms page: [www.k9cpe.com](http://www.k9cpe.com). Forms MUST be mailed to CPE and are processed 2-3 times per week. CPE ID numbers are emailed to legible email addresses. Registrations can only be processed from mailed forms.
- Dogs must be able to be measured at their first show. If a dog cannot be measured, the dog cannot run and no refund will be issued. Dogs within ½” of a jump height require at least one more measurement. When dogs reach their second birthday, a measurement is required. All dogs must be measured at their first trial regardless of jump height.
- Only CPE Judges can measure dogs.
- Electronic shock collars are not allowed at ANY CPE trial – training or bark.
- Handlers in all classes are permitted to walk the course, without a dog, prior to the start of the class. A warm-up jump shall be provided for all entered dogs. No relieving of dogs in the warm-up area.

#### Dogs in the ring, leashes, exiting the ring

- Dogs shall run without anything attached to its body. This is for the safety of the dog. This includes no: collars, stitches, wraps or any other item. The only exception is a small barrette or rubber band to keep hair out of a dog’s eyes.
- Leashes may not have anything (other than name/license tags) attached to them when used in the ring.
- Dogs may enter the ring on a collar, quick release harness or head halti/leader. If prong collars are allowed per the show site, they may *not* be used to take a dog into the ring.
- **Handlers may not carry their leash with them on the course** – if done so, an NT will result. Exception: Handicapped handlers that have a mobility problem in picking up the leash at the finish may put their leash in their pocket – the leash must be out of sight.
- Dogs must be under the handler’s control when leaving the ring or the judge may enter the run as No Time - NT.

#### Four Paw Safety Rule – Contacts

- When a contact is the correct obstacle and a dog places all four paws on the contact, it is considered to have engaged (attempted) the obstacle. If the dog leaves the obstacle without completion after placing all four paws on it, this will result in a major fault or no points.

#### While running on course – continued next column

- The handler will direct the dog through the course without a collar or lead. The handler may use any verbal or visual commands to direct the dog through the course. The Judge may assess a 5-fault penalty to elimination for any command that is not given in a sportsmanlike

manner. Faults can be but are not limited to: foul or abusive language, display of anger, extreme frustration or excessive harshness. If the fault is severe enough, the Judge has the right to excuse the exhibitor from the ring and / or the remainder of the trial. If excused from the trial, a report would be filed with CPE. See Faults, Eliminations and Excusals.

- The handler may not carry anything that could aid the dog in its performance. Exclusion: Handicapped/Differently Abled Handlers using a cane, scooter, wheelchair, etc., to enable their progression around the course.
- Food, (includes fanny packs and leash attachments) are not allowed within 10’ feet of the ring. Clickers, training whistles and squeaky toys are not to be used within distraction distance of the ring.
- Toys, training devices not allowed within 10’ of the ring except as part of Declared Training in the Ring described above.
- No visible device can be used by the handler that can video or time the dog’s run while in the ring.
- No device can be used on the handler or within a pocket that can notify the handler of the SCT for any class during a run (one example: wristwatch).
- The handler may not carry anything that could aid the dog in its performance. Exception noted above under prior to class starting.
- Exclusion: Handicapped/Differently Abled Handlers using a cane, scooter, wheelchair, etc., to enable their progression around the course.
- The handler may use any verbal or visual commands to direct the dog through the course. The Judge may assess a 5 fault penalty to elimination for any command that is not given in a sportsmanlike manner. Faults can be, but are not limited to: foul or abusive language, display of anger, extreme frustration or excessive harshness. If the fault is severe enough, the Judge has the right to excuse the exhibitor from the ring and / or the remainder of the trial. If excused from the trial, a report would be filed with CPE. See Faults, Eliminations and Excusals in the rulebook.

#### Declared Training In the Ring (TIR) Prior to Class Starting

- Our club **will allow**, if the handler decides they may want to, use of a toy or training aid at any time during their run. The handler must approach the Judge during Walkthrough or previously in that trial day for the Judge to approve the toy or training aid for use on the course.
- Handler must alert the Judge upon entry to the ring that the dog will be **TIR**. Handler is then allowed to have a reasonably sized silent toy/aid with them for use once their run has started (this toy must be approved by the Judge of record  **PRIOR** to the start of the class to determine its eligibility, absolutely no food/scents/audible devices). The toy is **NOT** allowed to be used in either gate chute or prior to the previous dog leaving the ring. •
- Timer will start the time either when the dog attempts the first obstacle, or the handler shows the toy to the dog. Timer will either blow whistle or sound horn at expiration of Large Dog SCT (Standard Course Time supplied and instructed by the Judge prior to each class).
- Handler must put toy away and leave the ring with their dog expeditiously allowing the next dog to enter.
- Although the Judge will not be judging for a score, they are required to watch the handler throughout their run both for safety and to ensure the team is proceeding through the course as designed by the Judge.
- There is no resetting of knocked bars at any time by the handler.
- Handler may direct their dog to repeat an obstacle or sequence (up to 3 obstacles as designed) one time during their allotted time any further repetition of that sequence/obstacle or any other sequence/obstacle will result in an immediate end to their run signaled by the Judges thank-you or a whistle.

#### The following items are considered training in the ring:

- Violating the 4 paw safety rule (directing the dog back onto the contact)
- Start line stay – leaving the dog and going back again to reposition the dog after the handler passes the plane of the first obstacle (before the handler leaves the dog, repositioning or repeated commands can be a delay of start)
- Putting the dog back on the table in the point games
