Agility Course Test 1 Jumpers – ACT1J

Saturday, March 8th, 2025

Fun Fur Paws

22352 Stargate Place

Mount Vernon, WA 98274

Evaluator – Mike Kriegel

Closing date March 8, 2025, 2PM

This is a beginning level event designed to introduce and welcome beginning dogs and handlers to AKC agility. The ACT1J is open to dogs that have not earned any AKC agility titles. This event has been created to let these dogs and handlers show their beginning agility sequencing and performance skills. In addition to running the courses, what to do at an agility trial and other information they would need when they are ready for a regular trial. There are 2 runs, or rounds. Any dog that passes both rounds earns an ACT1J title from AKC. Dogs must be 15 months or older to be able to enter. They do NOT need to be AKC registered at the time of the test. If the owner wishes to get a title certificate from AKC they will need to register their dog. Mixed breeds are welcome to enter.

Course consists of 10 to 12 obstacles. These include bar jumps and tunnels. There are no weave poles, dog walk, teeter, double or triple jump. Jump height divisions

are 4, 8, 12, 16, 20, or 24 inches. Dogs may be entered in any one of the heights. A height card is not required. There are no preferred or regular heights. To qualify, entire course must be completed within 50 seconds. There can be no dropped bars. Each obstacle must be completed. No more than 3 wrong courses are allowed.

ACT1J test will be run after our Standard ring has finished on Saturday. Approximate time would be 3:30pm. Pre-entry is preferred, but some day of test entries will be accepted until 1pm. Day of test entries cost \$5 more than pre-entry. Remember that there will be a regular agility trial running at that time. There will be 2 runs. If both are passed, dog will earn the ACT1J title.

Pre-entry cost is \$15 per run. Juniors have a lower fee - \$12 per run.
Day of Test entries cost \$20 per run. Juniors are \$17 per run.
